

# American Red Cross

## Sound the Alarm!

### Do you need smoke alarms?

In the US, there are 7 house fire fatalities every day. Our goal is to help prevent these disasters by equipping communities with their first line of defense: working smoke alarms.

You can request a free smoke alarm installation by calling the American Red Cross at 410-624-2000, press #2, then #3 OR scanning the QR code below.
